And that's the end of Chapter 2!  
 Chapter 3 will start at the end of November for \$5+ Patrons! :)

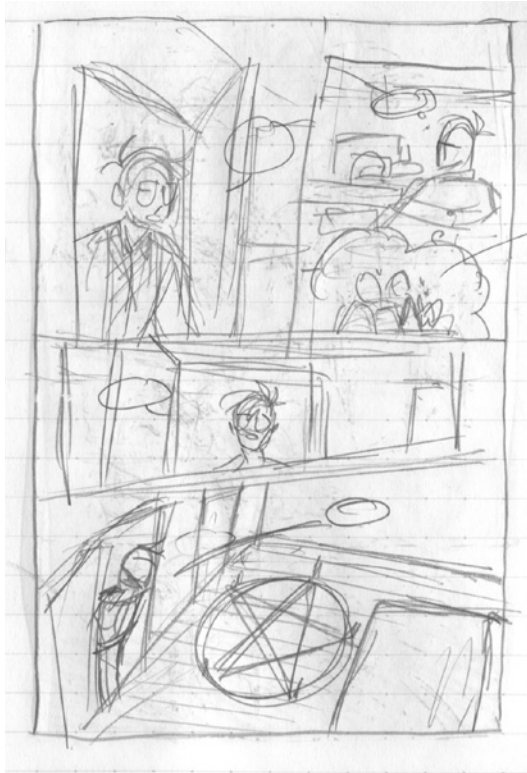

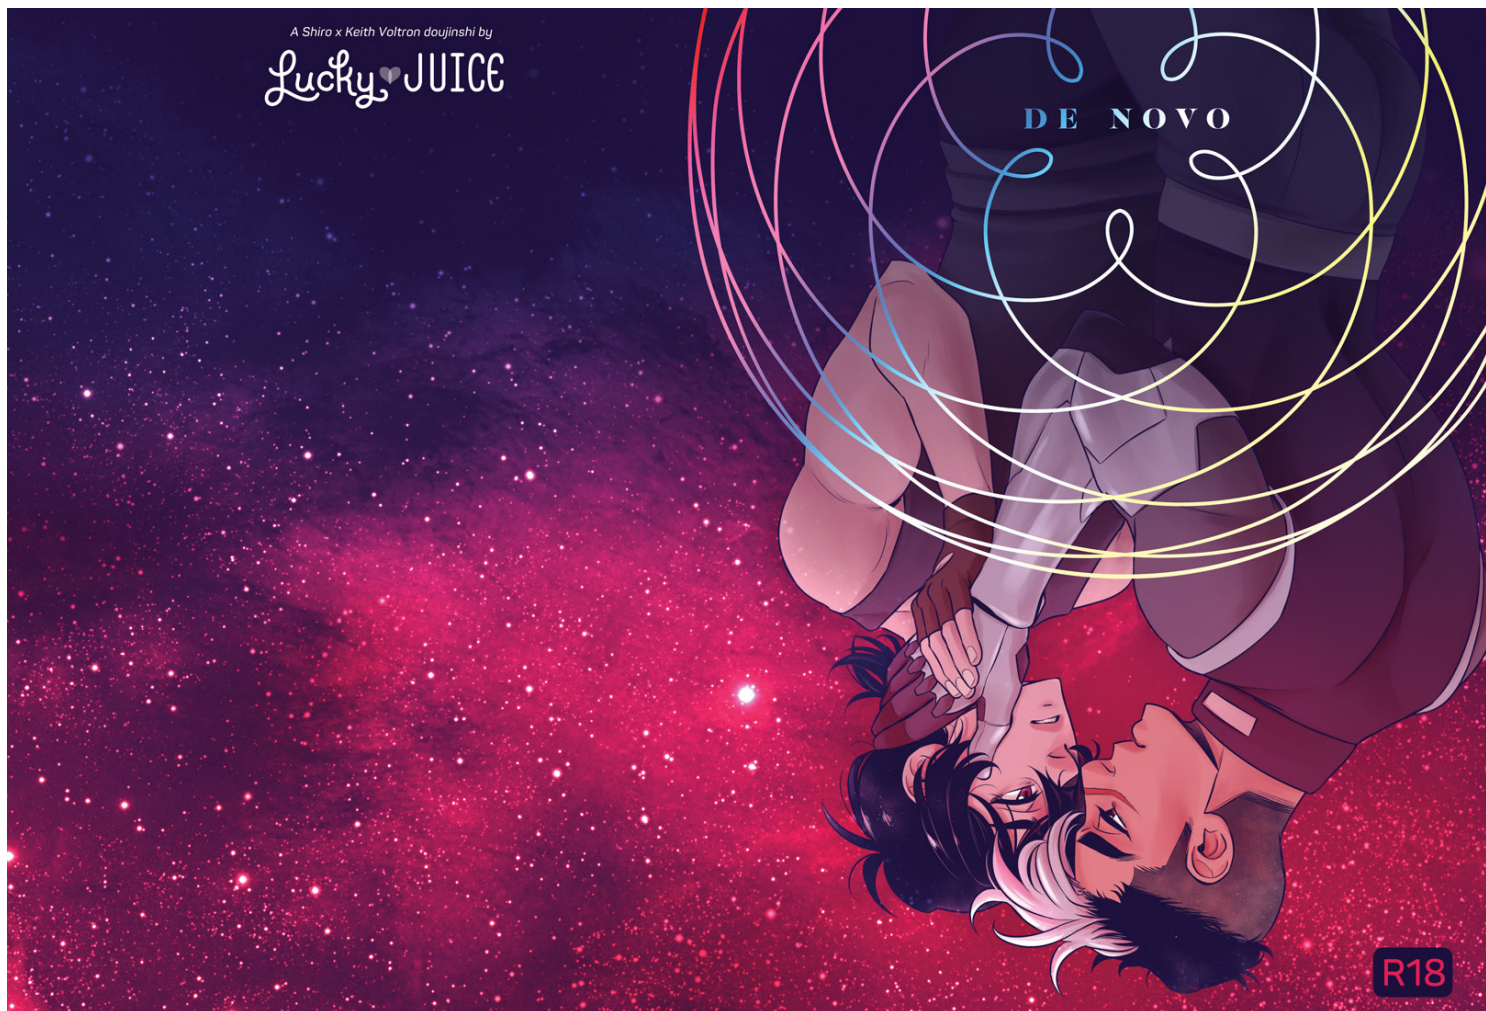

This is the basic process I go through for making doujinshi. I do thumbnails either traditionally or digitally, pencil digitally, and ink/tone digitally.

I finished up the sheith doujin I was doing for Lucky Juice! Since it was a solo doujin I went crazy on the tones and the angst.

This last week in October was sheith week, which I didn't have time to do all of, but I did most of them. I'm slowly working towards putting together a sheith art book, which is terrifying to be because it's not comics?? How???

This prompt was hurt/comfort. My brand.

This prompt was alone/together.  
I love pain.

This prompt was fight me/love me.  
Spicy hand touch.

This prompt was training/playful.  
I love making them be cute together.

This prompt was free day, so I did something inspired by my favorite guilty pleasure sheith song: "Slow Motion" by Trey Songz. :3c

As usual, I've marked where the spoilers/NSFW content starts in the sketchbook portion of this!
